I/We, the Share Family and Farmers, agree to the following:

1. Meat Share is a 6 MONTH MINIMUM commitment by the MEMBER & FARMER, and member can renew for following seasons without additional deposits. Main Season and Winter Season.
2. We, the farmers, produce the livestock to a level that no medications are used. We do this by including organic minerals, sea kelp, pre biotics, and probiotics to the diets that the livestock receive. Off the farm grain, hay, and straw are sourced as local as possible and for the most part are Arkansas Grown and Arkansas Made.
3. Pickups and payments are monthly. You choose your pick up week. During the winter season in Little Rock, We meet once a month at Bernice Gardens.
4. Occasionally life happens, schedules don't work and needs change, we the farmers understand. We ask that if at all possible, let us know and we will be happy to make arrangements.
5. We will add you to the "Farm Share Email List", and each month will send update about the farm share. www.jvfarms71929@gmail.com
6. Pickup your share at the farm, markets, or we can deliver for an extra fee per share.
7. This farm could not be possible without your monthly participation and support. We build our production plan and monthly/annual budget around the farm share program. THANK YOU for Farming with US!!
